The Mangar Eagle is a smart home lifting solution. EAGLE stands for Emergency AGile Lifting Equipment and it is the newest addition to the range of Mangar Health safe lifting cushions.

The Eagle is tailor-made for home care, designed to both sit up and lift a fallen person, and aims to help people with their independence and dignity whilst protecting carers from back injury sustained through repetitive lifting.

The Airflo 24 by Mangar Health is a low-pressure air compressor which has been designed to inflate the ELK lifting equipment through a 4-Way hand control.

\*Introductory Price Valid May / June 2024 Only. RRP is €3,399
